Dear Mr Weisberg:

Enclosed is a check for $26.05 to cover charges for postage + books. Thank you for your prompt service. I had been taking your books out of the Univ of PA Law School Library, but found myself so engrossed by the subject that I decided to buy the books. To me, your writings are a major basis for any investigation into the subject, for it is only there that the story is told truthfully + without prejudice. I only wish you would continue to publish + that some publisher somewhere had the guts - or sense - to publish your work. I only wish I knew of some way to help you out.

Yours,
